

VISHAL SHARMA

Full Stack Web Developer

+91 76830 68988 | sharma.vishal.162005@gmail.com | vishalsharmatech.info | github.com/sharam96 | Delhi, India

EXPERIENCE

Frontend & Backend Development Intern

Uptoskills | Remote | June 2025 - September 2025

- Collaborated with a development team to build an HRMS for employee and workflow management.
- Developed responsive interfaces using HTML5, CSS3, JavaScript and DOM manipulation.
- Supported RESTful API development with Node.js and Express.js and integrated PostgreSQL data flows.
- Tested APIs in Postman, debugged integration issues and used Git for version control.
- Contributed to frontend-backend integration and module validation in a team environment.

Internship completion certificate and experience letter available for verification.

PROJECTS

EcomPlanet - Live Client Project

ecomplanet.in

Developed and deployed a responsive e-commerce website for a client with structured product presentation, mobile-first layouts and production deployment.

Tech: HTML5, CSS3, JavaScript, Responsive Web Design

UGC on Scale - Live Client Project

ugconscale.in

Built a conversion-focused website for AI UGC video services with pricing packages, video-led sections, calls to action and WhatsApp lead generation.

Tech: HTML5, CSS3, JavaScript, WhatsApp Integration

WhatsApp Business Automation

Created a cloud-deployed automation workflow for instant replies, enquiry collection and lead qualification using the Meta WhatsApp Cloud API and webhooks.

Tech: Node.js, Express.js, REST APIs, Webhooks, Meta Cloud API, Render

HRMS System - Team Project

Contributed to responsive UI development, REST API integration and PostgreSQL-backed employee data workflows during the Uptoskills internship.

Tech: HTML5, CSS3, JavaScript, Node.js, Express.js, PostgreSQL

Book Library Management System

Built a full-stack application that retrieves book data by ISBN, supports ratings and reviews, and stores records persistently in PostgreSQL.

Tech: Node.js, Express.js, PostgreSQL, Open Library API

Blog Web Application

Developed a database-backed blog with create, read, update and delete operations for posts using a Node.js and PostgreSQL backend.

Tech: Node.js, Express.js, PostgreSQL, CRUD

Live Weather Web App

Integrated OpenWeather API to display real-time weather data for user-selected cities through a responsive interface.

Tech: HTML5, CSS3, JavaScript, OpenWeather API

Personal Portfolio

vishalsharmatech.info

Designed and deployed a responsive portfolio showcasing technical skills, experience and development projects.

PROFESSIONAL SUMMARY

Full Stack Web Developer and BCA graduate with hands-on experience developing responsive web applications, RESTful APIs, PostgreSQL-backed systems, business automation and production client websites. Skilled in JavaScript, React.js, Node.js, Express.js, SQL, API integration, Git and cloud deployment. Delivered 2 live client websites and built full-stack projects focused on usability, maintainability and real-world business requirements.

EDUCATION

Bachelor of Computer Applications (BCA)

Institute of Innovation in Technology & Management (IITM), Janakpuri, Delhi

2023 - 2026

Affiliated with Maharshi Dayanand University, Rohtak

TECHNICAL SKILLS

Frontend

HTML5 CSS3 JavaScript (ES6+) React.js DOM

Responsive Design

Backend

Node.js Express.js RESTful APIs Webhooks CRUD

Databases

SQL PostgreSQL Supabase

Automation & APIs

Meta WhatsApp Cloud API WhatsApp Automation

API Integration

Tools & Deployment

Git GitHub VS Code Postman Render Vercel

Core Strengths

Problem Solving Team Collaboration Debugging

Client Communication

CERTIFICATIONS

- iCAT Test Certification - Qualified
- Uptoskills Internship Completion Certificate
- Uptoskills Internship Experience Letter
