

VISHAL SHARMA

Full Stack Web Developer | AI UGC & Digital Solutions

+91 76830 68988 | sharma.vishal.162005@gmail.com | vishalsharmatech.info | github.com/sharam96 | Delhi, India

EXPERIENCE

Frontend & Backend Development Intern

Uptoskills | Remote | June 2025 - September 2025

- Collaborated with a development team to build an HRMS for employee and workflow management.
- Developed responsive interfaces using HTML5, CSS3, JavaScript and DOM manipulation.
- Supported RESTful API development with Node.js and Express.js and integrated PostgreSQL data flows.
- Tested APIs in Postman, debugged integration issues and used Git for version control.
- Contributed to frontend-backend integration and module validation in a team environment.

Internship completion certificate and experience letter available for verification.

PROJECTS

EcomPlanet - Live Client Project

ecomplanet.in

Developed and deployed a responsive e-commerce website for a client, handling business requirements, website development, presentation and final delivery. Gained practical experience in **building and selling websites to clients**.

Tech: HTML5, CSS3, JavaScript, Responsive Web Design

UGC on Scale - Live Client Project

ugconscale.in

Built and delivered a conversion-focused website for AI UGC video services with pricing packages, video-led sections, calls to action and WhatsApp lead generation. Worked across website delivery, client communication and lead-focused presentation.

Tech: HTML5, CSS3, JavaScript, WhatsApp Integration

AI UGC & Digital Content Creation

Created **200+ AI-generated UGC videos** for product and brand marketing, including realistic AI characters, scripted scenes, product-focused visuals and short-form promotional content. Performed basic editing and supported lead conversion through client communication and requirement understanding.

Skills: AI Video Generation, Realistic AI Characters, UGC Content, Scripting, Basic Video Editing, Lead Conversion

WhatsApp Business Automation

Created a cloud-deployed automation workflow for instant replies, enquiry collection and lead qualification using the Meta WhatsApp Cloud API and webhooks.

Tech: Node.js, Express.js, REST APIs, Webhooks, Meta Cloud API, Render

HRMS System - Team Project

Contributed to responsive UI development, REST API integration and PostgreSQL-backed employee data workflows during the Uptoskills internship.

Tech: HTML5, CSS3, JavaScript, Node.js, Express.js, PostgreSQL

Book Library Management System

Built a full-stack application that retrieves book data by ISBN, supports ratings and reviews, and stores records persistently in PostgreSQL.

Tech: Node.js, Express.js, PostgreSQL, Open Library API

Blog Web Application

Developed a database-backed blog with create, read, update and delete operations for posts using a Node.js and PostgreSQL backend.

Tech: Node.js, Express.js, PostgreSQL, CRUD

Live Weather Web App

Integrated OpenWeather API to display real-time weather data for user-selected cities through a responsive interface.

Tech: HTML5, CSS3, JavaScript, OpenWeather API

Personal Portfolio

vishalsharmatech.info

Designed and deployed a responsive portfolio showcasing technical skills, experience and development projects.

PROFESSIONAL SUMMARY

Full Stack Web Developer and BCA graduate with hands-on experience in web development, AI-powered content creation, business automation and client-facing digital solutions. Built and delivered production websites for clients, created **200+ AI UGC videos**, designed realistic AI characters, performed basic video editing, and handled leads from enquiry to conversion. Skilled in JavaScript, React.js, Node.js, Express.js, Python, SQL, API integration, Git and cloud deployment. Also actively exploring **SAP** with a strong interest in learning enterprise technologies.

EDUCATION

Bachelor of Computer Applications (BCA)

Institute of Innovation in Technology & Management (IITM), Janakpuri, Delhi

2023 - 2026

Affiliated with Maharshi Dayanand University, Rohtak

TECHNICAL SKILLS

Programming

JavaScript (ES6+) Python SQL

Frontend

HTML5 CSS3 JavaScript (ES6+) React.js DOM

Responsive Design

Backend

Node.js Express.js RESTful APIs Webhooks CRUD

Databases

SQL PostgreSQL Supabase

AI & Content

AI UGC Video Creation Realistic AI Characters AI Video Tools

Basic Video Editing Content Scripting

Sales & Client Handling

Lead Conversion Client Communication Requirement Gathering

Website Sales

Automation & APIs

Meta WhatsApp Cloud API WhatsApp Automation API Integration

Tools & Deployment

Git GitHub VS Code Postman Render Vercel

Core Strengths

Problem Solving Team Collaboration Debugging

Client Communication

INTERESTS & LEARNING

- SAP:** Strong interest in SAP and enterprise software; regularly exploring SAP concepts and learning resources with the goal of building hands-on knowledge.
- AI & Automation:** Interested in expanding practical skills in AI tools, automation and emerging technologies.

CERTIFICATIONS

- iCAT Test Certification - Qualified
- Uptoskills Internship Completion Certificate
- Uptoskills Internship Experience Letter
